

 DYNASTY®
2010

"Everything we've waited for is here."

MONACO®

DRIVING YOUR DREAM.

DYNASTY®

MONACO®

DRIVING YOUR DREAM.

Your life together is a book that's written with every milestone. Epic in scope, rich with new adventures and rewards. And now, you're setting out to make every day a new chapter. Because now, you're setting out in the 2010 Dynasty. You're combining your appreciation for life's finer things with a passion for blazing a trail. You've found a luxury motorcoach that's designed for both the journeys and the destinations. Designed to add volumes to your life story.

COME HOME TO THIS.

Start and end each day in the graciousness of the Dynasty's kitchen and dining area. No matter how far-flung your adventures are, you'll always return to its state-of-the-art amenities and impeccable styling. With so many impressive details, even if you're not a gourmet chef, you'll always have the option of becoming one.

Many ingenious features help you make the most of your time – and get the most from your space. With a place for everything, you'll have less clutter and more room for the things that make this your home. Shown on the left is the optional central vacuum system with a toe-kick vacuum in the galley, for the ultimate convenience.

YORKSHIRE IV | STAINED CHERRY | AUTUMN SUNBURST III

DYNASTY
BEDROOM

YOUR MASTER SUITE.

The Dynasty is designed to give you the flexibility to choose the standard and optional features that best suit you. Select a queen bed or king. Traditional mattress or air mattress. Ceramic tile or plank flooring. Shower or bathtub. These are just a few of the ways you can create the perfect living quarters – and the ultimate living experience on the road.

COMMAND PERFORMANCE.

Every detail in the Dynasty's cockpit is calculated to give you the utmost control and comfort behind the wheel – switches at your fingertips, memory settings in the pilot seat and optional GPS and Bluetooth™ technologies.

When parked, the front of the coach transforms into a place for projects or relaxation with a dash workstation and a power footrest on the co-pilot's seat. And the exclusive Panaview 1-piece windshield provides an enormous, unobstructed of what's ahead.

THE DIFFERENCE IS IN THE DETAILS.

Take the wheel of a luxury motorhome, and you're taking the wheel of the chassis it rides on. That's why the Dynasty rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster's semi-monocoque construction utilizes the most advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of torque or twisting and increasing durability and reliability. The Cushion Air Glide suspension system features 10 shocks and air bags, eight of which are outboard mounted, and the system is supported by the largest ping tanks in the industry. And front and rear disc brakes (drum on the tag axle) provide added security, especially in poor road conditions. It's the ultimate foundation for a luxury ride.

ROADMASTER S-SERIES SEMI-MONOCOQUE CHASSIS

- 1** 10,000 lb. hitch receiver offers powerful towing capacity with 7/4-way trailer plug. Optional 15,000 lb. hitch receiver also available.
- 2** Allison[®] 4000 MH 6-speed transmission for smooth shifting; our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals.
- 3** Cushion Air Glide suspension system positions ten shocks and ten air bags, eight of which are outboard mounted with auto-leveling for greater stability, a smoother ride and the best handling in its class.
 - Unique three-degree rear axle tilt perfectly aligns the engine, transmission and differential, minimizing stress on the drivetrain and reducing noise in the coach.
 - Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control.
 - Tag axle lifts for added maneuverability in tight spots.
- 4** Full-length frame rails fabricated from 3" by 8" by 1/4" 60,000 PSI structural steel; rails are spaced 44" on center for a wider stance and unmatched strength.
- 5** The semi-monocoque design, with trussed superstructure, distributes stress evenly throughout the entire chassis and adds strength to sidewalls and bays.
- 6** P295/80R/22.5 Goodyear steel-belted all-season tires ensure a safe and quiet ride (G670 RV tire).

- 7** The power steering box allows for a 50-degree front wheel turn angle in both directions for better maneuverability and returns the steering wheel to its center position to eliminate driver fatigue.
- 8** All chassis are equipped with steel cage construction, steel firewall and steel stepwell for added safety.
- 9** Accuride rim with AccuShield coating that cleans easily with soap and water.

CUMMINS[®] ISM 500 HP

The 2010 Dynasty rules the road with a big Cummins[®] ISM 500 HP diesel engine (optional on the Cheshire IV). Power you never dreamed possible.

MULTIPLEX WIRING

Multiplex wiring, used throughout the coach, replaces cumbersome bundles of wire with separate modules. These modules communicate via a single wire, making servicing easier and reducing the overall weight of the RV. A service technician can simply hook up a laptop directly to the modules for easy troubleshooting.

8-LAYER MOLDED FIBERGLASS ALL-SEASON FOAM INSULATED ROOF

(top to bottom)

- One-piece 1/4" fiberglass roof is crowned for easy water runoff and seamlessly joined with front and rear caps; non-skid walkways provide added safety and convenience
- Vapor barrier
- 3-1/2" tapered bead foam supports the crowned roof; center tunnel houses wiring and air conditioner ducts
- 1/4" marine grade plywood sheeting
- Tubular steel framework
- State-of-the-art closed cel foam seals every nook and crevice
- Luaun and vinyl paneling are Vac-U-Bonded
- Padded vinyl interior headliner absorbs sound and is easy to clean

6-LAYER LAMINATED GEL COAT FIBERGLASS SIDEWALLS

(left to right)

- Decorative wall coverings
- Luaun paneling; walls are Vac-U-Bonded for added strength
- Heavy-gauge tubular steel and 4" steel plate backers
- State-of-the-art closed cel foam seals every nook and crevice
- Luaun paneling
- Gel coat fiberglass outer wall

5-LAYER FLOORING

(top to bottom)

- Tile or 1/2" carpet pad and carpeting
- OSB flooring provides strength and durability
- Decibel paper intercepts and dampens road noise
- OSB flooring
- Waterproof Darco underbelly provides moisture barrier

ALL WITHIN REACH.

Dynasty's roomy storage bays feature insulated side-swing doors with power locks. Full pass-through compartments easily accommodate larger items, and a slide-out tray means no awkward bending or reaching.

NOW FOR THE HARD PART.

Choosing the Dynasty was easy. Now, it's time to make it your own. For 2010, our designers are pleased to present a stunning array of standard and optional decors and cabinetry styles. But don't worry, even if you end up flipping a coin, you'll both win.

¹Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

²All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

³Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications

as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may depict a floorplan option that has been discontinued or is no longer available at the time of your purchase. Photographs may show props or decorations that are not standard equipment. Monaco, the Monaco logo and its design, are registered trademarks. Other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and

reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer. Component part and appliance manufacturers issue limited warranties covering portions of the recreational vehicle not covered under the Limited Warranties issued by Monaco RV, LLC. To learn specific details regarding warranty coverage, please contact your selling dealership or review the warranty packet inside the recreational vehicle.

BODY CONSTRUCTION

- › Heavy-Duty Steel Superstructure with Steel Cage Cockpit Construction
