MOBILE SUITES

The season of DRV...

Seasons come and seasons go, but there's one that's here year 'round... the season of DRV. DRV Mobile Suites let you take all the comforts of home with you wherever the road takes you. No matter when you hit the road, whether it's Spring, Summer, Fall or Winter, hit the road with DRV Luxury Suites.

Begin your journey with the one that started it all... the DRV Mobile Suites, now enhanced with our straight roof line design.

The Mobile Suites is the foundation that DRV is built upon. It offers all the comforts of home, all the conveniences of a residential kitchen and the peace of mind that comes from knowing you've chosen the *best construction* available on the market today.

Cover Photo Shown in Chestnut Dunes
(Optional Full Body Paint)

44 Houston • Mocha Cherry with Kashmir Décor and Oyster Furniture

You expect the ultimate in form, function, and design. This season we have elevated our Mobile Suites to feature a straight roof line. This design has allowed us to dramatically increase storage throughout and brings a fresh new look to all of our floor plans. Each floor plan features our Gourmet Kitchen that includes a residential refrigerator, dishwasher, convection microwave, and soft close drawers.

It's in the details.

Around every corner of your Mobile Suites you'll find that no detail has been overlooked.

Every Mobile Suite features a hand laid porcelain and glass tile backsplash and custom LED lighted island countertop. In our living rooms we provide large LED TVs, Blu-ray DVD players, and Bluetooth receivers with full surround sound. DRV seeks out the latest residential and audio/visual demands each year so that we can provide our customers with the most current styles and technology available on the market.

44 Houston • Mocha Cherry with Kashmir Décor and Oyster Furniture

The 44' Houston is a larger version of our popular 39 DBRS3 floor plan. Both models feature a king bed with optional vanity slide which creates a large and spacious master bedroom.

Exceptional storage surrounds all of our master bedrooms with each drawer using soft-close guides for a full residential feel.

One unique feature of our front bath models are the his and her vanity sinks with separate medicine cabinets. The front wardrobe is a full walk-in closet with floor to ceiling shelves on the side. This truly is a home.

With DRV...
you can have
more.

41 RSSB4 • Honey Cherry with Provence Décor and Oyster Furniture

The 41 RSSB4 has been a staple model for many years. With DRV we have a great selection of floor plans for our customers to find their perfect four season home ranging from 32' all the way up to 44' in length.

A home that
just feels
like you.

Our 41 RSSB4 floor plan offers a unique feature with the separate entertainment slide out and built in desk. This extra slide provides more space and storage in the living room.

With our new residentially made custom furniture we can now provide our customers the option of power recline. The power recline option is available on any of our theatre seating or recliners, and makes reclining as easy as a push of a button.

38 RSSA • Mocha Cherry with Charleston Décor and Shale Furniture

ELITE SUITES

The elegance
you've come to
expect.

Stand tall in the Elite Suites — our moving masterpiece. Absolutely no detail has been overlooked, from professionally stained hardwood cabinetry with high polished quartz countertops to hand-laid custom flooring. This residential combination separates the Elite Suites to a class by itself.

We have paid just as much attention to the quality of the exterior of the Elite Suites as we have the interior, by creating an *industry-first* full fiberglass exterior. This top of the line exterior package is standard on the Elite Suites and includes the one-piece molded fiberglass roof, and custom-molded fiberglass fender skirts. Coordinating window silks are also standard to complete a look that will really turn heads.

38 RSSA • Mocha Cherry with Charleston Décor and Shale Furniture

Each Elite Suites Gourmet Kitchen is built around a standard stainless steel residential appliance package like the Mobile Suites, but we have upgraded the package to include a state of the art induction cooktop that comes with a high end pot and pan starter set. Elegant hand-laid ceramic backsplashes, quartz countertops, and a custom over-the-island light feature complete the Elite Suites Gourmet Kitchen package.

The Elite Suites made its debut in 2006, in response to our customers' desire for even more space and features from the DRV line. Over these last eight years we have continuously improved and upgraded our Elite Suites to make sure it's truly the top of the line!

This year we have expanded our selection of luxury quartz countertops, flooring, and full body paint schemes to allow our customers the opportunity to build their Elite Suites just the way they want it.

It's time
for the
best.

38 RSSA • Mocha Cherry with Charleston Décor and Shale Furniture

The hardwood Cherry, for our Elite Suites, goes through a very customized process to ensure each piece is stained precisely. This allows our Elite Suites customers to have the best we can provide and an interior look and quality that is timeless.

Which floor plan is right for you?

Even the small things make a huge difference! For convenience, most models offer a custom cherry wood pull-out desk on soft close drawer guides, when you need to catch up on work or email.

New this year all Elites will come standard with decorative metal air vent covers and custom built wood louvers to hide the, not so pretty, exhaust fans in both the kitchen and bathroom. Focus on small details like this is what separates our Elite Suites from the rest!

38 RSSA • Mocha Cherry with Charleston Décor and Shale Furniture

Every Elite Suite comes standard with a top of the line Sleep Number® bed by Select Comfort. King beds are standard on most floor plans and have great under-bed storage. The optional vanity slide creates additional space in the master retreat. The walk-in wardrobe is nicely concealed by our custom hardwood wardrobe doors.

Luxurious touches at every turn.

Every DRV master retreat offers 6' 7" high, padded soft touch ceilings and dimmable LED lighting. The padded soft touch absorbs the vibration of the fully ducted bedroom A/C allowing for a restful nights sleep even in summer heat.

More and more of our floor plans are offering a 48" full fiberglass shower with extended vanities to increase our countertop space.

Mobile Suites and Elite Suites Décor Selections

43 Cincinnati • Mocha Cherry with Cocoa Furniture

MOBILE SUITES
ESTATES

Contemporary
looks...
DRV quality.

NEW for 2014

Keeping a close eye on residential trends keeps DRV at the top when it comes to innovations in our product lines. These trends were the inspiration for the newly designed Mobile Suites Estates line, which brings a contemporary touch to the DRV family. It's built on the same solid foundation and incorporates all of the exclusive features of DRV while introducing new color schemes and residential touches like 2-tone custom cabinetry.

The Mobile Suites Estates gives you all the safety and quality you've come to trust from DRV while adding an eye-catching contemporary style!

43 Cincinnati • Mocha Cherry/Urban Glaze Hardwood Cabinetry

Enjoy the open concept design of the Estates 43 Cincinnati along with the residential appliances that are standard in all our Gourmet Kitchen layouts. You'll appreciate the convenience of our exclusive custom power quartz cooktop lid that allows you either countertop or cooktop access with one push of a button!

Clean
lines...
modern
feel.

Our mission, when we created the Mobile Suite Estates, was to offer a more contemporary approach with our interiors. The tasteful mixture of Mocha Cherry and Urban Glazed solid cherry cabinetry has become very popular allowing us to offer even more floor plan choices for our customers.

Features and Benefits...

From the ground up, all units are built with automotive style components. Our innovative designs make it easier to transport, set up and maintain your unit.

Structure:

- ✓ **Professionally designed and tested 15" triple steel box tube chassis.**
Super strong foundation to build a lasting, high quality fifth wheel.
- ✓ **All-weather heavy duty aluminum floor system.**
The floor is screwed and bolted together and will not rot over time. Also, we do not use staples which eventually work up through the floor covering.
- ✓ **R-29 insulated frame floor system with three weather barriers.**
Warm floors for extended or full time use: and keeps out condensation.

Technology:

- ✓ **New state of the art Level-Up™ leveling system and industrial hydraulic system.**
The original Level-Up™ (designed by DRV) with steel jacks mounted at a 5 degree angle.
- ✓ **New automotive style Kodiak® disc brakes.**
Limited lifetime warranty; smoother stopping; shorter stopping distance; low maintenance cost.
- ✓ **Heavy duty 8,000 axles with hubs.**
Larger carrying capacity; less axle problems; low maintenance; best ride quality available.
- ✓ **Heavy duty Goodyear® H-rated 17.5" tires and aluminum eight bolt wheels.**
Heavier load capacity. Special tread pattern to dissipate heat. Tires are regroovable for miles and miles of safe use. Wheels are light weight and will not rust.
- ✓ **Greasable suspension with bronze bushings.**
Ease of maintenance and long-wearing.
- ✓ **SeeLevel tank monitoring system.**
Uses sonar to provide instant and accurate readings of all tanks.

Sturdy:

- ✓ **Screwed and glued construction.**
Solid; 16" o.c. stud spacing.
- ✓ **3.25" aluminum framed walls with R-16 insulated rating. Exclusive foam core vapor barrier.**
Lightweight; lower heating and cooling cost; noise reduction; eliminates chance of condensation.
- ✓ **Radiused aluminum roof rafters on 16" centers.**
Lightweight; improved water run off; maximum load capacity per square foot.
- ✓ **R-25 insulated roof system with plywood and rubber or fiberglass covering.**
Improved weather barrier; sound deadening; low maintenance; lower heating and cooling costs.
- ✓ **Soft touch interior ceiling.**
Sound proofing; easy to clean; extra insulation.

Refined:

- ✓ **Conveniently located wall switches control all lighting.**
Fingertip control of all task and decorative lighting.
- ✓ **Overhead LED room lighting on dimmer switches.**
Personal light control.
- ✓ **Designer full face cabinet doors and soft close drawers.**
Optimal storage; residential look; residential function.

101" Wide Body

Extra Cross Members Through Entire Frame

Triple Tube 15" Frame

Expanded Storage Space

Eliminates Flex

Stacked triple-tube steel frame for 15" of maximum strength; the largest foundation on any fifth wheel in the industry.

Industrial pinless, **steel** hydraulic jacks are mounted at a 5-degree angle for maximum stability.

Commercial hydraulic rack & pinion slide-outs. All gear boxes are located inside the frame for the ultimate weather protection.

Heavy-duty 17.5" Goodyear® tires provide increased load capacity while staying cool on long hauls. We use truck tires, not RV tires, to ensure better performance and peace of mind.

Commercial hubs surrounded by 8 large 5/8" stud bolts and standard automotive disc brakes round out the safety features of every DRV unit.

Box Steel Solid

The foundation is the most important part of your home. It needs to be strong, reliable, and able to last the tests of time. DRV's custom-engineered 15" triple box tube frame measures 101" wide — the largest, most rigid fifth wheel frame in the industry. This design eliminates flex around the pin box, and allows us to frame even the upper deck with steel to open up the storage compartment, providing you with space to fit all your personal belongings.

The Exclusive DRV 6-Jack Levelup System

Designed by DRV for DRV. No one else can offer you the maximum stability that our 6-jack levelup system provides, with hardened steel jacks at a 5-degree outboard angle.

Residentially-hung sidewalls are carriage-bolted into the floor for solid construction and superior strength.

Our 3 1/4" walls are the thickest in the industry, giving you maximum insulation from noise and weather. The exclusive foam core vapor barrier eliminates condensation.

Formaldehyde Free!

High-density wool **R-16** residential insulation completely surrounds all of our walls and slides. Best insulation in the industry *and eco-friendly!*

A copper water manifold comes standard, ensuring equal water pressure throughout your home. And each water line is clearly labeled and has its own shut-off valve, allowing you to isolate a single line without shutting off water to the rest of your home.

MOR/ryde® I.S. Suspension eliminates the axle and leaf springs, allowing each tire to work independently. With 5 1/2" of travel per assembly, MOR/ryde® I.S. will absorb road shock and protect your home for its lifetime.

Frame/Running Gear:

- Goodyear® 17 1/2" H-Rated Re-Groovable Tires
- Heavy Duty Grease Bolt Shackles with Bronze Bushing
- Kodiak® Automotive Disc Brakes
- MOR/ryde® LRE Rubber Equalizer Suspension (MS, Estates)
- MOR/ryde® I.S. Suspension and Heavy Duty Pin Box (ES)
